

Systemic Family Constellation Workshop

Facilitated by: Dr. Shannon Zaychuk

Friday September 29th and Saturday September 30th 2017

Redwood Meadows, Alberta

A New Understanding Brings New Possibilities....

A Family Constellation can uncover hidden dynamics and unconscious family loyalties that contribute to depression, anxiety, physical symptoms, strained relationships, and financial struggle. In a safe and contained group setting long standing family patterns, many originating from past trauma — provide a broader context for understanding and healing physical, emotional and relational issues.

Insights gained from this process can loosen ties to generations of unhappiness and provide a step in the direction of a new life course.
